Our Vision

- Providing lifelong education and training that produces graduates with the skills necessary to sustain individual career success within a global economy
- Providing employers and communities with the human resources they will require for economic success and contribution to the community
- Taking a leadership position in influencing education and other related public policies, and conducting applied research that will create the new products and services necessary for sustaining the economic health of our external community
- Providing high quality, innovative, and responsive education and training programs, including comprehensive education that lead toward certificates, diplomas and applied degrees
- Advancing new approaches to education, including academic centres of excellence
- Entering into alliances with industry and academic partners to enhance Centennial's education and applied research thrust
- Promoting the unique character of Centennial's campuses
- Providing an effective, supportive, safe, accessible and affordable learning environment, using state-of-the-art information technologies, where appropriate, to support these directions

INTRODUCTION

Shri Siddhi Vinayak Group of Institutions (SSVGI), aims that education is not limited to classrooms, it is a part of life; with the prime focus on maximizing the competencies, knowledge, inculcating professional ethics and values.

SSVGI comprises **Shri Siddhi Vinayak Institute of Technology** (AKTU code 474), **Shri Siddhi Vinayak Institute of Management** MJPRU Code 163 (AKTU code 703), **Shri Siddhi Vinayak School of Nursing** (UPSMF code 1049), and **Shri Siddhi Vinayak Polytechnic** (BTE Code 2052).These institutions were established under the parasol of the **Shri Siddhi Vinayak Trust,** Bareilly (Uttar Pradesh), a “not for profit organization” with determination and commitment to foster a holistic approach towards development of technical and professional education in the country.

'Education with a vision for employment' is our motto. We wish to achieve it by guiding the learner with a team of highly experienced, qualified educators and also providing orientation classes for employment. A professional team has been taking custody of providing quality education, which helps students to earn credentials and attain a high level of proficiency.

The main aspiration of SSVGI is to equip its students with necessary skills, knowledge and expertise in state-of-the-art technology and imbibe confidence, in order to perform their work professionally, with dynamism.

The Training, Development and Placement Cell

The Training, Development and Placement Cell plays a vital role in bringing the industry and academia close to each other by providing Career Counselling, need based education and organization support. It has the task to organize campus interviews for student placement and training and also organizes corporate guest lectures and industry interaction.

We groom students from scratch and transform them into professional. The Training and Placement Cell sincerely takes the responsibility of giving best placement to our students in renowned companies.

Our Group of Institutions helps the student in exploring placement opportunities by inviting various companies like TCS, Wipro, Infosys, Reliance, ITC, Tenneco, India- mart, Mahindra and Mahindra, Tech Mahindra, and many more for the campus recruitment of the students.

The Training, Development and Placement Cell acts as an interface between the students, faculty and the corporate world to initiate continuous interaction with the industry, sharing industry experiences, and understanding the needs of the corporate world. The Training, Development and Placement Cell has been regularly inviting heads of leading Companies to the campus, who share their insights into the latest issues concerning the economy to stimulate and enhance the intellectual climate at SSVGI.

Corporate Connect

Shri Siddhi Vinayak group of institutions provides a regular interaction with experts from the industry by arranging guest lectures on various topics. Such lectures provide first hand knowledge and experience of situations to the students that are prevalent in the Industry. This also provides a platform to understand the emerging trends in the Industrial World. The recruitment cell of the institute organizes guest lecturers from time to time, by calling eminent personalities coming from various industries.

The objective of the placement cell is to provide students first hand information about the ground realities of the industrial environment. The guest lecturers with their vast experience make the students aware of various aspects, whereas students seek replies to their queries in question-answer sessions. This also provides a platform to understand the emerging trends in the Industrial World. The recruitment cell of the institute organizes guest lecturers from time to time, by calling eminent personalities coming from various industries.
